

# The Wicked Witches

## Free Spins Feature

## Expanding Wilds

But that's not all. *Wilds* are there to expand and cover the reels so you can win more. They also provide a 3x win multiplier for the combinations they appear in. It's thus impossible to predict how much you can win in this game!

## Survive the Scares of Witches

Inspired by the combined uniqueness of beauty and horror found only in fantasyland, *The Wicked Witches* is a classic slot with a modern twist. The game combines elements of classic slots and modern bonus features and graphics. All of this is inserted into a unique setting that's there to transport you to the world of magic.

The game is filled with stunning symbol design that's there to bring you joy and scare you at the same time. The witches and scarecrows will bring unprecedented wins you would never be able to find elsewhere!

The game will mesmerize you, but the most important thing you'll want to see is the Bonus symbol. It comes in the shape of a tombstone, which is a bit odd considering the positive emotions it will cause in any player. In *The Wicked Witches*, once you get 3 tombstones, the bonus game starts, and you get a total of 12 free spins!
