

TRIPLE 7s™

Wilds and Re-Spins

Although Triple 7s™ is as straightforward as any video slot, it still contains a bonus feature, which gives it extra excitement. The Wild symbol can show up on any reel, serving as a standard substitute for all sevens, but it also grants you a chance for a multiplier. Get two Wilds to land, and you'll have a guaranteed win

Timeless Triple 7s

Relive the golden age of Vegas casinos and chase the lucky number seven to get a big payout. Triple 7s™ is a classic video slot with one line, three reels.

- ▶ The sevens can come as singles, doubles, or triples.
- ▶ You don't need to match identical symbols to win, as any three Sevens will give you an award based on the payable.
- ▶ Any of the reels can also show a blank space. You must get a symbol on all three reels to win.

- ▶ The Wild substitutes for all symbols and may appear on any of the three reels
- ▶ When a Wild lands, there is a chance that it will carry a random multiplier of 5x, 8x, or 10x.
- ▶ Landing two Wilds plus a blank space will trigger the re-spin feature. The third reel will then spin until it guarantees a win.

Old-School Slot, New School Wins

Triple 7s™ brings you the thrill of a single payline with three reels, making it super easy to play and perfect for every player. Just focus on landing the best mix of lucky sevens for big rewards!

- ▶ The "any three 7s" combination offers the lowest reward, followed by three single sevens and three double sevens.
- ▶ Three wilds result in a big win, but getting one or two wilds with any other seven symbols will count as "any three 7's".
- ▶ Three Triple Sevens provide the highest possible prize in the game.
